Appointments

We know how important it is to manage your busy schedule in order to juggle family, your job, and take care of unexpected illnesses. Tel

A little patience goes a long way in these unexpected situations, and we will do everything in our power in order to make sure that you receive the best care possible in the timeliest manner. After all, we are parents, ourselves.

Appointment schedule

Please call advance so that a specific time can be reserved for you and your child. Occasionally, emergencies in the office may disrupt our schedule, and we ask for your patience as we make every effort to insure the health of all patients.

Well Exams (*school physical, college physical*)

Call in advance, no welcome in same day appointments

Walk-Ins

Calling for same day appointments

If your child is ill we appreciate you call in advance. We will make every attempt to work your child in between the scheduled appointments. But please remember scheduled appointments come first.

Non-Emergency Calls

Calls for routine questions or prescription refills, if at all possible, should be made during business hours (8am - 12pm and 1pm - 4pm) The nurse will return your phone call as soon as possible, after patients physically present in the office have been attended.

After Office Hours

We have a telephone answering service that receive your calls after the office is closed.

The service can be reached by dialing (407) 422-2255.

The doctor will receive your message and return your call.
